Nautical Chart Catalog No. 1 Panel H

LORAN LINEAR INTERPOLATOR

NOTE A

The 12 nautical mile territorial sea was established by Presidential Proclamation 5928, December 27, 1988, and it is also the outer limit of the U.S. contiguous zone for the application of domestic law. The 3 nautical mile line, previously identified as the outer limit of the territorial sea, is retained because the proclamation states that it does not alter existing State or Federal law. The 9 nautical mile line (all-tint area) marks boundary of Texas, the Gulf coast of Florida, and Puerto Rico, and the 3 nautical mile line elsewhere remain the inner boundary of the Federal waters subject to the Submerged Lands Act (P.L. 83-31; 67 Stat. 29; March 22, 1953). These maritime limits are subject to modification, as represented in future charts. The lines shown on the most recent chart edition take precedence.

NOTE B

Numerous private buoys and floats are maintained in Madaket Hbr and approaches from June 15 to Nov. 15. Numerous markers are not charted. See chart 13241.

NOTE C
